MANAGEMENT INFORMATION CIRCULAR

**FOR THE ANNUAL GENERAL MEETING OF THE HOLDERS OF COMMON SHARES
OF SPARTAN ENERGY CORP. TO BE HELD ON JUNE 12, 2015**

Dated: May 6, 2015

PURPOSE OF SOLICITATION

This management information circular (the “Information Circular”) is furnished in connection with the solicitation of proxies by or on behalf of the management of Spartan Energy Corp. (the “Corporation”) for use at the annual general meeting of the holders (the “Shareholders”) of the common shares (the “Common Shares”) in the capital of the Corporation to be held in the Shrum Liddle Heberton Boardroom of McCarthy Tétrault LLP, Suite 4000, 421 - 7th Avenue S.W., Calgary, Alberta, on June 12, 2015 at 2:00 p.m. (Calgary time), and any adjournment or adjournments thereof (the “Meeting”) for the purposes set forth in the Notice of Annual General Meeting (the “Notice of Meeting”) accompanying this Information Circular.

RECORD DATE

The Shareholders of record on May 4, 2015 (the “Record Date”) are entitled to notice of, and to attend and vote at, the Meeting except to the extent that:

1. such person transfers his or her Common Shares after the Record Date; and
2. the transferee of those Common Shares produces properly endorsed share certificates or otherwise establishes his or her ownership to the Common Shares and makes a demand to the registrar and transfer agent of the Corporation, not later than 10 days before the Meeting, that his or her name be included on the shareholders’ list for the Meeting.

Any registered Shareholder of the Corporation at the close of business on the Record Date who either personally attends the Meeting or who completes and delivers a proxy will be entitled to vote or have his or her Common Shares voted at the Meeting. However, a person appointed under a form of proxy will be entitled to vote the Common Shares represented by that form only if it is effectively delivered in the manner set out under the heading “Completion of Proxies”.

PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies is made on behalf of the management of the Corporation. The costs incurred in the preparation of the enclosed form of proxy (the “Form of Proxy”), Notice of Meeting and this Information Circular and costs incurred in the solicitation of proxies will be borne by the Corporation. Solicitation of proxies will be primarily by mail, but may also be in person, by telephone or by electronic means. All currency amounts expressed herein, unless otherwise indicated, are expressed in Canadian dollars.

Completion of Proxies

The Form of Proxy affords Shareholders or intermediaries an opportunity to specify that the Common Shares registered in their name shall be voted for or against or withheld from voting in respect of certain matters as specified in the accompanying Notice of Meeting.

The persons named in the enclosed Form of Proxy are the President and Chief Executive Officer and the Vice President, Finance and Chief Financial Officer, respectively, of the Corporation.

A REGISTERED SHAREHOLDER OR AN INTERMEDIARY HOLDING COMMON SHARES ON BEHALF OF AN UNREGISTERED SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON, WHO NEED NOT BE A SHAREHOLDER, TO ATTEND AND ACT ON THEIR BEHALF AT THE MEETING, IN THE PLACE OF THE PERSONS DESIGNATED IN THE FORM OF PROXY FURNISHED BY THE CORPORATION. TO EXERCISE THIS RIGHT, THE SHAREHOLDER OR INTERMEDIARY SHOULD STRIKE OUT THE NAMES OF THE PERSONS NAMED IN THE FORM OF PROXY AND INSERT THE NAME OF THEIR NOMINEE IN THE BLANK SPACE PROVIDED, OR SUBMIT ANOTHER APPROPRIATE PROXY.

A proxy must be dated and signed by the registered Shareholder or by his attorney authorized in writing or by the intermediary. In the case of a Shareholder that is a corporation, the proxy must be executed under its corporate seal or signed by a duly authorized officer or attorney for the corporation with proof of authority accompanying the proxy.

In order to be effective, the proxy, together with the power of attorney or other authority, if any, under which it was signed or a notarially certified copy thereof, must be mailed so as to be deposited at the office of the Corporation's agent, Alliance Trust Company, Suite 1010, 407 - 2nd Street S.W., Calgary, Alberta T2P 2Y3, not later than 4:00 p.m. (Calgary time) on the second last business day preceding the day of the Meeting or any adjournment thereof or deposited with the Chairman of the Meeting on the day of the Meeting prior to the commencement of the Meeting. No instrument appointing a proxy shall be valid after the expiration of 12 months from the date of its execution. If a proxy is not dated, it will be deemed to bear the date on which it was mailed by management of the Corporation.

Appointment and Revocation of Proxies

A Shareholder or intermediary who has submitted a proxy may revoke it by instrument in writing executed by the Shareholder or intermediary or his or her attorney authorized in writing, or, if the Shareholder is a corporation, under its corporate seal and executed by a director, officer or attorney thereof duly authorized, and deposited either with the Corporation at its offices as aforesaid at any time prior to the close of business on the second last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting, and upon such deposit the previous proxy is revoked.

Exercise of Discretion by Proxies

A Shareholder or intermediary may indicate the manner in which the persons named in the enclosed Form of Proxy are to vote with respect to any matter by checking the appropriate space. On any poll, those persons will vote or withhold from voting the Common Shares in respect of which they are appointed in accordance with the directions, if any, given in the Form of Proxy. If the Shareholder or intermediary wishes to confer a discretionary authority with respect to any matter, the space should be left blank. **IN SUCH INSTANCE, THE PERSONS NAMED IN THE ENCLOSED FORM OF PROXY INTEND TO VOTE THE COMMON SHARES REPRESENTED BY THE PROXY IN FAVOUR OF THE MOTION.**

The enclosed Form of Proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the time of printing of this Information Circular, management of the Corporation knows of no such amendment, variation or other matter. However, if any other matters which are not now known to management should properly come before the Meeting, the proxies in favour of management nominees will be voted on such matters in accordance with the best judgment of the management nominees.

Notice-and-Access

The Corporation has elected to use the "notice-and-access" provisions under National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice-and-Access Provisions**") for the Meeting in respect of mailings to its Beneficial Shareholders (as defined below) but not in respect of mailings to its registered holders of common shares ("**Registered Shareholders**"). The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that must be physically mailed to shareholders by allowing a reporting issuer to post an information circular in respect of a meeting of its shareholders and related materials online.

The Corporation has also elected to use procedures known as 'stratification' in relation to its use of the Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of an information circular and, if applicable, a paper copy of financial statements and related management's discussion and analysis ("**Financial Information**"), to some shareholders together with a notice of a meeting of its shareholders. In relation to the Meeting, Registered Shareholders will receive a paper copy of each of a notice of the Meeting, this Information Circular and a form of proxy, whereas Beneficial Shareholders will receive a notice-and-access notification and a voting instruction form. Furthermore, a paper copy of the Financial Information in respect of the most recent financial year of the Corporation will be mailed to Registered Shareholders as well as to those Beneficial Shareholders who have previously requested to receive them.

The Corporation anticipates that notice-and-access will directly benefit the Corporation through substantial reductions in postage and printing costs. The Corporation believes that notice-and-access is also environmentally responsible to the extent that it decreases the large volume of paper documents generated by printing proxy-related materials.

The Corporation will be delivering proxy-related materials to non-objecting beneficial owners of its Common Shares directly with the assistance of Alliance Trust Company. Please note that the Corporation's management does not intend to pay for intermediaries to forward the notice-and-access notification and voting instruction request forms to those Beneficial Shareholders who have objected to their intermediary disclosing ownership information about them pursuant to Canadian securities legislation ("**Objecting Beneficial Shareholders**"). Consequently, if you are an Objecting Beneficial Shareholder, you will not receive these materials unless the intermediary holding Common Shares on your account assumes the cost of delivery.

Shareholders with questions about notice-and-access can call Alliance Trust Company at 403-237-6111 or toll free at 1-877-537-6111.

In order to receive a paper copy of this Circular and other relevant information, requests by Shareholders may be made up to one year from the date the Circular was filed on the System for Electronic Document Analysis and Retrieval ("**SEDAR**") by: (i) mailing a request to the Corporation at suite 500, 850 – 2nd Street S.W., Calgary, Alberta, T2P 0R8 Attention: Investor Relations; (ii) calling Alliance Trust Company at 403-

237-6111 or toll free at 1-877-537-6111; (iii) by emailing a request to inquiries@alliancetrust.ca; or (iv) online at the following websites: www.spartanenergy.ca or www.alliancetrust.ca/shareholders/. The Corporation estimates that a Shareholder's request for paper copies of the Circular and other relevant information will need to be received prior to May 28, 2015 in order for such Shareholder to have sufficient time to receive and review the materials requested and return the completed form of proxy by the due date set out under the heading "Completion of Proxies" in this Circular.

Advice to Beneficial Holders of Securities

The information set forth in this section is of significant importance to many investors who do not own Common Shares in their own name ("**Beneficial Shareholders**"). Beneficial Shareholders should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for their clients. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate individuals.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of securityholders meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of that broker) is typically similar to the Form of Proxy provided to registered Shareholders by the Corporation. However, the purpose of the broker's form of proxy is limited to instructing the registered Shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically asks Beneficial Shareholders to return voting instruction forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a Broadridge voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting. The Broadridge voting instruction form must be returned to Broadridge well in advance of the Meeting in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of the Beneficial Shareholder's broker (or agent of the broker), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote such Common Shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

If you have any questions respecting the voting of Common Shares held through an intermediary, please contact that intermediary for assistance.

VOTING OF COMMON SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares and an unlimited number of preferred shares. As at the date hereof, there are 264,268,660 fully paid and non-assessable Common Shares issued and outstanding and no preferred shares issued and outstanding. The holders of the Common Shares are entitled to receive notice of all meetings of shareholders and to attend and vote the Common Shares at all such meetings. Each Common Share carries with it the right to one vote.

The articles of the Corporation provide that if two persons holding not less than 15% of the issued Common Shares entitled to vote are present in person or are represented by proxy, a quorum for the purposes of conducting a shareholders meeting is constituted.

Any registered Shareholder at the close of business on May 4, 2015 who either personally attends the Meeting or who completes and delivers a proxy will be entitled to vote or have his or her Common Shares voted at the Meeting. However, a person appointed under a form of proxy will be entitled to vote the Common Shares represented by that form only if it is effectively delivered in the manner set out in the heading “*Completion of Proxies*”.

To the best of the knowledge of the directors and officers of the Corporation, as of the date of this Information Circular, there are no persons who beneficially own, directly or indirectly, or exercises control or direction over 10% or more of the issued and outstanding Common Shares other than the Fidelity group, which includes Fidelity Management & Research Company, Pyramis Global Advisors, LLC, Pyramis Global Advisors Trust Company, Strategic Advisers Incorporated, FIL Limited, Crosby Advisors LLC and Fidelity SelectCo, LLC and which beneficially owns, controls or directs, directly or indirectly, approximately 33,330,380 Common Shares representing 12.61% of the issued and outstanding Common Shares.

MATTERS TO BE ACTED UPON

The Shareholders of the Corporation will be asked to consider and, if deemed appropriate:

- (a) by ordinary resolution, fix the board of directors of the Corporation (the “**Board**”) at six members;
- (b) by ordinary resolution, elect the directors of the Corporation;
- (c) by ordinary resolution, appoint auditors for the ensuing year and to authorize the directors of the Corporation to fix their remuneration; and

- (d) to transact such other business as may properly come before the Meeting or any adjournments thereof.

Additional detail regarding each of the matters to be acted on at the Meeting is contained below.

FIXING NUMBER OF DIRECTORS

At the Meeting, it is proposed that the number of directors to be elected at the Meeting to hold office until the next annual meeting or until their successors are elected or appointed, subject to the articles of the Corporation, be set at six. **Unless otherwise directed, it is the intention of management to vote proxies in the accompanying form in favour of setting the number of directors to be elected at the Meeting at six.**

ELECTION OF DIRECTORS

Action is to be taken at the Meeting with respect to the election of directors. The Shareholders will be asked to pass an ordinary resolution at the Meeting to elect, as directors, the nominees whose names are set forth in the table below. Voting for the election of nominees will be conducted on an individual, and not on a slate, basis. Each nominee elected will hold office until the next annual meeting of the Shareholders, or until his successor is duly elected or appointed, unless his office is vacated earlier in accordance with the Corporation's articles. The Corporation is required by applicable corporate legislation to have an Audit Committee comprised of members of the Board that are considered "financially literate" and a majority of which are considered "independent", as such terms are defined in National Instrument 52-110 – *Audit Committees* ("NI 52-110"). The Corporation has also established a Compensation Committee, Corporate Governance Committee, and a Reserves and Environment Committee, each comprised of members of the Board. Please see discussion under "*Corporate Governance Practices*." The present members of the Audit Committee, Compensation Committee, Corporate Governance Committee and Reserves and Environment Committee of the Board are identified in the table below.

The Corporation has adopted a majority voting policy with respect to the election of directors. Pursuant to this policy, if a director receives more withheld votes than for votes, he will immediately tender to the Board an offer to resign. The Corporate Governance Committee will consider the director's offer to resign and make a recommendation to the Board to: (i) accept the resignation; (ii) ask the director to continue serving but address the issue; or (iii) reject the resignation. The director will not participate in any Board or Board committee deliberations on the matter. If the Board accepts the director's resignation, it can appoint a new director to fill the vacancy. The Board must promptly disclose its final decision regarding the directors offer to resign in a press release.

The following information relating to the nominees as directors is based partly on the records of the Corporation and partly on information received by the Corporation from said nominees, and sets forth the name and municipality of residence of the persons proposed to be nominated for election as directors, all other positions and offices within the Corporation now held by them, their principal occupations or employments, the periods during which they have served as directors of the Corporation and the approximate number of Common Shares beneficially owned, directly or indirectly, or over which control or direction is exercised by each of them as of the date of this Information Circular.

EXECUTIVE COMPENSATION

Summary

Securities legislation requires the disclosure of the compensation received by each "Named Executive Officer" ("**Named Executive Officer**") of the Corporation for the most recently completed financial year. "Named Executive Officer" is defined by securities legislation to mean: (i) a Chief Executive Officer of the Corporation; (ii) a Chief Financial Officer of the Corporation; (iii) each of the Corporation's three most highly compensated executive officers or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year and whose total compensation was, individually, more than \$150,000 for that financial year; and (iv) each individual who would be a "Named Executive Officer" under paragraph (iii) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of the most recently completed financial year.

The executives are eligible to participate in the ESOP on the same basis as all other employees.

Compensation Discussion and Analysis

The Board has established a Compensation Committee, which determines the compensation payable to the executives and directors of the Corporation and, in doing so, ensures that the total compensation payable is fair and reasonable and is consistent with the Corporation's compensation philosophy.

The objective of the Corporation's compensation program is to attract, motivate, reward and retain highly talented and experienced executive officers. The compensation program is structured to ensure that compensation is competitive with other similarly situated companies and is reflective of the experience, performance, and contribution of the individuals involved and the overall performance of the Corporation.

The Corporation's compensation philosophy is designed to align the interests of executive officers with shareholders' interests and with the execution of the Corporation's business strategy.

The Compensation Committee provides recommendations to the Board with respect to the compensation of executive officers of the Corporation, such compensation to include a base salary, the payment of cash bonuses, if applicable, and participation in the Corporation's stock option plan (the "**Stock Option Plan**"). In addition, executive officers are entitled to broad-based benefit programs. The Compensation Committee believes that the combination of fixed and variable compensation elements will motivate executives to achieve corporate goals and enhance Shareholder value.

Base Salaries

The Compensation Committee recognizes that the size of the Corporation prohibits base salary compensation for officers from matching those of larger companies in the petroleum and natural gas industry. The Compensation Committee does believe, however, that performance-based compensation plans are an important element in the compensation packages for the Corporation's officers, and that long-term equity interests, in the form of options, compensate for lower base salaries. This compensation strategy is similar to the strategies of many other companies in the Corporation's peer group.

Base salaries for officers, including the Chief Executive Officer, are established by the Compensation Committee at levels comparable to base salaries paid by the Corporation's industry peer group. In assessing comparability, the Corporation relies upon a review of base salary amounts as disclosed by industry peers in their public disclosure documents. The peer group for benchmarking considered by the Compensation Committee consists of other Canadian oil and gas exploration and development companies with similar size, financial capacity and business complexity, including Arsenal Energy Inc., Artek Exploration Inc., Bonterra Energy Corp., Cardinal Energy Ltd., Cequence Energy Ltd., DeeThree Exploration Ltd., Raging River Exploration Ltd., RMP Energy Inc., TORC Oil & Gas Ltd., Twin Butte Energy Ltd. and Zargon Oil and Gas Inc. Consideration is given to the time period evaluated in industry surveys and public data and to the business climate applicable at the time with respect to industry demand for experienced personnel. Salaries of officers, including that of the Chief Executive Officer, are reviewed annually.

Bonuses

The Corporation does not have a formalized bonus plan for its executive officers and employees, however, the Corporation's executive officers and employees may receive a bonus as and when declared by the Board, after review and recommendation by the Compensation Committee. The determination of the payment and amount of bonus entitlements, if applicable, is expected to be based upon a number of factors, including growth in reserves, production and cash flow per debt adjusted share and the overall financial performance of the Corporation for the applicable period. Bonuses are expected to be reviewed annually by the Compensation Committee and the Board.

Stock Option Plan

Pursuant to the policies of the TSX, the Corporation is permitted to maintain a "rolling 10%" stock option plan. On February 18, 2014, the Shareholders approved the Stock Option Plan, pursuant to which options to purchase Common Shares may be granted. In accordance with the policies of the TSX, unallocated options under rolling option plans must receive shareholder approval three years from the date of listing on the TSX and subsequently every three years after that. On July 9, 2014, the Common Shares were listed on the TSX (prior thereto the Common Shares were listed on the TSX Venture Exchange) and, as such, the Corporation will not be able to grant options under the Stock Option Plan after July 9, 2017 unless it has

received Shareholder approval for the issuance of unallocated options. As of the date of this Information Circular, the Corporation has 12,445,000 options granted under the Stock Option Plan, representing 4.71% of the issued and outstanding Common Shares.

The TSX requires all listed companies with security based compensation arrangements to disclose the terms of such arrangements on an annual basis.

Description of the Stock Option Plan

The purposes of the Stock Option Plan are: (i) to provide directors, officers, employees and consultants of the Corporation an incentive to achieve the longer-term objectives of the Corporation; (ii) to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Corporation; and (iii) to attract and retain in the employ of the Corporation or any of its subsidiaries, persons of experience and ability by providing them with the opportunity to acquire an increased proprietary interest in the Corporation.

Eligibility

The Stock Option Plan provides for the granting of stock options to purchase Common Shares to directors, officers, employees and consultants of the Corporation.

Administration

The Stock Option Plan is administered by the Board and the Board may, subject to applicable law, delegate its powers to administer the Stock Option Plan to a committee of the Board. Options may be granted at the discretion of the Board, in such number that may be determined at the time of grant, subject to the limits set out in the Stock Option Plan.

Exercise Price

The exercise price of stock options granted under the Stock Option Plan will be fixed by the Board at the time of grant, provided that the exercise price shall be not less than the volume weighted average trading price of the Common Shares for the five trading days ending immediately prior to the time of grant. The exercise price is intended to be the fair market value of the Common Shares at the date of grant and, subject to the approval of the Board, the TSX and the shareholders of the Corporation (where required), the exercise price may be adjusted if necessary to achieve that result.

Maximum Percentage of Common Shares Reserved

The aggregate number of Common Shares that may be issued pursuant to the exercise of options awarded under the Stock Option Plan and all other share compensation arrangements of the Corporation is 10% of the Common Shares outstanding from time to time, subject to the following limitations:

1. the aggregate number of Common Shares issued to insiders (as defined in the Stock Option Plan) under the Stock Option Plan, together with all other share compensation arrangements of the Corporation, within a 12-month period, must not exceed 10% of the outstanding issue of Common Shares (on a non-diluted basis); and
2. the aggregate number of Common Shares issuable to insiders (as defined in the Stock Option Plan) under the Stock Option Plan, together with all other share compensation arrangements of the Corporation, must not exceed 10% of the outstanding issue of Common Shares.

Transferability

The stock options are not assignable or transferable by an optionee, except for a limited right of assignment in the event of the death of the optionee.

Term and Vesting

The term of the options granted shall be determined by the Board in its discretion, to a maximum of five years from the date of the grant of the option. The vesting period or periods within this period during which an option or a portion thereof may be exercised shall be determined by the Board. In the absence of any determination by the Board as to vesting, and subject to the policies of the TSX, vesting shall be as to one-third on each of the first, second and third anniversaries of the date of grant. Further, the Board may, in its sole discretion at any time or in the agreement in respect of any stock options granted, accelerate, or provide for the acceleration of, vesting of stock options previously granted.

Early Expiration

Unless otherwise provided in an agreement evidencing the grant of stock options, options shall terminate at the earlier of: (i) the close of business 30 days after the optionee ceasing (other than by reason of death but including termination with or without cause) to be at least one of an officer, director, employee (in active employment carrying out regular and normal duties) or consultant of the Corporation or a Subsidiary (as defined in the Stock Option Plan) of the Corporation, as the case may be; (ii) the close of 30 business days after the optionee has been provided with written notice of dismissal related to (i) above; and (iii) the expiry date of the stock option. If before the expiry of an option in accordance with the terms thereof a participant ceases to be an employee, officer, director or consultant by reason of the death of the participant, any unvested portion of such stock option shall immediately vest. In addition, such option may, subject to the terms thereof and any other terms of the Stock Option Plan, be exercised by the legal personal representative(s) of the participant's estate at any time before 4:00 p.m. (Calgary time) up to six months after the date of death of the participant, or until the expiry date of the option, if earlier.

Change of Control

In the event of a Change of Control (as defined in the Stock Option Plan) occurring, all stock options which have not otherwise vested in accordance with their terms shall immediately vest and be exercisable, notwithstanding the other terms of the stock options for a period of time ending on the earlier of the expiry time of the stock option or the 30th day following the Change of Control.

Voluntary Black-Out Periods

The Corporation has adopted a policy on trading in the securities of the Corporation which results in the imposition of self-imposed black-out periods from time to time, preventing officers, directors, employees and consultants from exercising options. For example, these black-out periods would be imposed prior to the release of financial statements and when the Corporation is considering various possible transactions or is completing material operations that could, if consummated or successfully completed, have a significant effect on the trading price or value of the Corporation's securities. This policy will be adopted as part of Corporation's approach to responsible governance. However, the imposition of voluntary black-out periods can penalize the Corporation, and its insiders and employees where their stock options have not been exercised prior to the voluntary black-out period and such stock options would expire during such period.

Pursuant to the Stock Option Plan, the expiration of the term of any stock options that would fall during any black-out period or within 10 business days following the termination of any black-out period will be

extended for a period of 10 business days following the expiry of such black-out period, such that all optionees will always have a maximum of 10 business days following a voluntary black-out period to exercise stock options. This provision applies to all optionees.

Amendments to Options

The Board may amend or discontinue the Stock Option Plan at any time without the approval of shareholders of the Corporation, provided that such amendment shall not alter or impair any stock option previously granted under the Stock Option Plan, except as permitted by the provisions of the Stock Option Plan, and provided that such amendment or discontinuance has been approved, if required, by the TSX.

Compensation Governance

Further information on the composition and function and mandate of the Compensation Committee is set out under the heading “*Corporate Governance Practices – Compensation Committee.*”

Risk Oversight

In carrying out its mandate, the Compensation Committee reviews from time to time the risk implications of the Corporation’s compensation policies and practices, including those applicable to the Corporation’s executives. This review of the risk implications ensures that compensation plans, in their design, structures and application have a clear link between pay and performance and do not encourage excessive risk taking. Key considerations regarding risk management include the following:

- design of the compensation program to ensure all executives are compensated equally based on the same or, depending on the mandate and term of appointment of that particular executive, substantially equivalent performance goals;
- balance of short-term performance incentives with equity-based awards that vest over time;
- ensuring overall expense to the Corporation of the compensation program does not represent a disproportionate percentage of the Corporation’s revenues, after giving consideration to the development stage of the Corporation; and
- utilizing compensation policies that do not rely solely on the accomplishment of specific tasks without consideration to longer term risks and objectives.

For the reasons set forth below, the Compensation Committee believes that the Corporation’s current executive compensation policies and practices achieve an appropriate balance in relation to the Corporation’s overall business strategy and do not encourage executives to expose the Corporation to inappropriate or excessive risks.

While a significant feature of the Corporation’s current executive compensation practice is the awarding of stock options under the Stock Option Plan, and while such compensation is “at risk” (i.e. not guaranteed), the Corporation’s long-term incentive plans are designed such that stock options vest over a three year period and therefore encourage sustainable Common Share price appreciation and reduce the risk of actions which may have short-term advantages. Additionally, the granting of options is in accordance with the terms and provisions of the Stock Option Plan.

The base salaries set for the Corporation’s executives are intended to provide a steady income regardless of Common Share price performance, allowing executives to focus on both near-term and long-term goals

and objectives without undue reliance on short term Common Share price performance or market fluctuations.

Compensation payable in the form of bonuses is overseen by the Compensation Committee and the Board. The Board does not consider the applicable periods set for bonus purposes to be heavily weighed to the short-term and believes it has struck an appropriate balance between short-term performance incentives and long-term awards that vest over time.

Hedging and Offsetting

At present, the Corporation does not have a formal policy prohibiting its directors and officers from engaging in short sales of securities of the Corporation or buying or selling puts, calls or other derivatives that are designed to hedge or offset a decrease in the market value of securities of the Corporation.

Currently, in the absence of such a policy, the directors and officers of the Corporation are expected to act at all times transparently, with integrity and with a view to the best interests of the Corporation and the Shareholders in their securities trading activities.

It should be noted that any transactions of this nature are subject to insider reporting requirements and are reported on the System for Electronic Disclosure by Insiders (SEDI).

Performance Graph

The following graph illustrates our cumulative shareholder return, as measured by the closing price of the Common Shares at the end of the five most recently completed financial years, assuming an initial investment of \$100 on December 31, 2009 compared to the S&P/TSX Composite Index and the S&P/TSX Capped Energy Index.

	Dec. 31, 2009	Dec. 31, 2010	Dec. 31, 2011	Dec. 31, 2012	Dec. 31, 2013	Dec. 31, 2014
Spartan Energy Corp.	\$100.00	\$101.45	\$98.55	\$43.48	\$228.99	\$202.17
S&P/TSX Composite Index	\$100	\$117.61	\$107.36	\$115.08	\$130.03	\$143.75
S&P/TSX Capped Energy Index	\$100	\$111.71	\$95.17	\$90.58	\$102.64	\$85.87

As the new management team and new Board of the Corporation was appointed on December 10, 2013, the trend shown in the above graph does not provide a meaningful comparison to the trend in executive compensation. The total compensation of Named Executive Officers for the year ended December 31, 2014 was based on various factors, including but not limited to, the increase in the Common Share price and certain other factors discussed under "*Compensation Discussion and Analysis*" above.

The total compensation for the executive officers is affected by increases and decreases in the price of Common Shares as the value of options increase or decrease as Common Share prices increase or decrease. Options and bonuses (to the extent that such payments are based on meeting corporate performance expectations) represent "at risk" compensation which help align the total return on the Common Shares and the compensation received by our executive officers. Total executive compensation does not always directly correlate with increases and decreases in the total return on the Common Shares due to impacts on share value that are beyond the Corporation's control, such as the commodity price environment, as well as the need of the Corporation to continue to provide competitive salaries and increases in salary levels relative to the market.

CORPORATE GOVERNANCE PRACTICES

In accordance with National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) and National Policy 58-201 – *Corporate Governance Guidelines* (“**NP 58-201**”), issuers are to disclose the corporate governance practices that they have adopted. NP 58-201 provides guidance on corporate governance practices. The Corporation is also subject to NI 52-110, which has been adopted in each of the Canadian provinces and territories and which prescribes certain requirements in relation to audit committees.

The Board is responsible for the governance of the Corporation. The Board and the Corporation's management consider good corporate governance to be central to the effective and efficient operation of the Corporation. Below is a discussion of the Corporation's approach to corporate governance.

Corporate Governance Committee

The Board has established a Corporate Governance Committee. The members of the Corporate Governance Committee are Reginald J. Greenslade, Grant W. Greenslade and Donald Archibald. The Corporation's Corporate Governance Committee is responsible for proposing new director nominees to the Board and for assessing current directors on an ongoing basis. The Committee is also responsible for the Corporation's response to and implementation of the guidelines set forth from time to time by any applicable regulatory authorities. The Corporate Governance Committee is comprised entirely of independent members of the Board and is required to convene at least annually.

Independence of Members of Board

The Board currently consists of six directors, five of whom are independent based upon the tests for independence set forth in National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”). Messrs. R.

Greenslade, G. Greenslade, M. Stark, D. Archibald and T. Budd are independent. Mr. McHardy is not independent by virtue of serving as President and Chief Executive Officer of the Corporation.

Board Oversight and Chairman

The Board exercises its independent supervision over the Corporation's management through a combination of formal meetings of the Board as well as informal discussions amongst the Board members. The independent directors can also hold scheduled meetings at which non-independent directors and members of management are not in attendance. Where matters arise at Board meetings which require decision making and evaluation that is independent of management and interested directors, the meeting breaks into an *in camera* session among the independent and disinterested directors.

The Chairman of the Board is Michael J. Stark, an independent director. The role of the Chairman of the Board is to enhance the Board's effectiveness by ensuring that the responsibilities of the Board are understood by the Board members and management, and ensuring the Board has adequate resources to support its decision-making requirements. The Chairman ensures there is a process in place for monitoring legislation and best practices, and to assess the effectiveness of the Board, the Board committees and individual directors on a regular basis. The Chairman also prepares agendas for Board meetings, consults with the Board on the effectiveness of Board committees, ensures that the independent directors have adequate opportunities to meet and discuss issues without management present, chairs meetings of the Board and communicates to other members of management as appropriate the results of private discussions among independent directors. The Chairman presides at meetings of the Board, provides leadership to the Board, assists the Board in reviewing and monitoring the strategy, goals, objectives and policies of the Corporation and conducts quarterly meetings where the Board meets to review and discuss operational and financial information presented to the Board by management.

Board Mandate

The Board has adopted a written mandate, attached hereto as Schedule “A”, that summarizes, among other things, the Board’s duties and responsibilities. The Board is responsible for the overall stewardship of the Corporation and dealing with issues which are pivotal to determining the Corporation’s strategy and direction. The Board has directly, and through the appointment of certain committees, put in place an effective system for monitoring the implementation of corporate strategies. The Board is not involved in the day to day operations of the Corporation, as these operations are conducted by the Corporation’s management. The Board meets regularly to consider and approve the strategic objectives of the Corporation and management plans designed to accomplish those objectives. Where appropriate, key management personnel and professional advisors are invited to attend Board meetings to speak to these issues. The Board also meets as necessary to consider specific developments and opportunities as they arise, including asset acquisitions and dispositions and financing proposals. The Board approves, among other things, all issuances of securities of the Corporation, the appointment of officers, the entering into of lines of credit or other significant borrowing activities and all significant transactions. The Board considers, but has no formal policies, concerning management development and succession, risk management and communications.

Essential to strategic planning is assessing and understanding business risks and related control systems. The Board helps set limits with respect to business risks, to the extent they can be managed, and approves strategies for minimizing risks. Implementations of these strategies are then monitored by the Board. The Board, through the Audit Committee, requires management of the Corporation to put into place systems to address financial risks and to periodically report to the Board on these systems and risks.

Management has implemented procedures to provide reasonable assurance of effective communication with the Corporation’s shareholders and the public. The Corporation’s management is responsible for the issuance of press releases and communications with the financial community. The Board reviews and approves all principal continuous disclosure documents, the release of interim and annual financial statements, the annual information form, prospectuses and information circulars.

The Corporate Governance Committee is responsible for monitoring the governance systems of the Corporation with a view to ongoing improvements, reviewing the composition of the Board and developing criteria for new Board appointments. The Corporate Governance Committee also acts as a nominating

committee for new directors, oversees and approves the Corporation's compensation plans and evaluates the overall Board effectiveness.

Position Descriptions

The Board has developed written position descriptions for the Chairman of the Board and the Chief Executive Officer of the Corporation, but has not developed a written position description for the Chairman of the Audit Committee.

The Chair of the Board presides at meetings of the Board and the shareholders of the Corporation, provides leadership to the Board and assists the Board in reviewing and monitoring the strategy, goals, objectives and policies of the Corporation, schedules meetings of the Board and organizes and presents agendas for regular or special Board meetings and communicates with the Board to keep it current on all material developments. The Chair of each committee of the Board schedules meetings of such committee and organizes and presents agendas for such meetings.

The Board, in conjunction with management, sets the Corporation's annual objectives which become the objectives against which the Chief Executive Officer's performance is measured. The Board has plenary power; any responsibility which is not delegated to management or a Board committee remains with the Board.

Orientation and Continuing Education

While the Corporation does not have a formal orientation and training program, new members of the Board are provided with:

- (a) a copy of the policies and mandates of the Board and its committees and copies of the Corporation's corporate governance policies, which provides information respecting the functioning of the Board;
- (b) access to recent, publicly filed documents of the Corporation;
- (c) access to management; and
- (d) access to legal counsel in the event of any questions relating to the Corporation's compliance and other obligations.

Members of the Board are encouraged to communicate with management, legal counsel and, where applicable, auditors and technical consultants of the Corporation; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Corporation's operations. Board members have full access to the Corporation's records.

Ethical Business Conduct

In establishing its corporate governance practices, the Board has been guided by applicable Canadian securities legislation and the guidelines of the TSX for effective corporate governance, including NP 58-201. The Board is committed to a high standard of corporate governance practices. The Board believes that this commitment is not only in the best interests of its Shareholders, but that it also promotes effective decision making at the Board level.

Additionally, in order to encourage and promote a culture of ethical business conduct, the Board has adopted a Code of Business Conduct and Ethics (the “**Code**”) wherein directors, officers and employees of the Corporation and others are provided with a mechanism by which they can raise complaints regarding financial and regulatory reporting, internal accounting controls, auditing or health, safety and environmental matters or any other matters and raise concerns about any violations of the Code in a confidential and, if deemed necessary, anonymous process. Interested Shareholders may obtain a copy of the Code upon request by contacting the Corporation at Suite 500, 850 - 2nd Street S.W., Calgary, Alberta, T2P 0R8.

The Board has instructed its management and employees to abide by the Code and to bring any breaches of the Code to the attention of the Corporate Governance Committee. Compliance with the Code is monitored primarily through the reporting process within the Corporation’s organizational structure.

It is a requirement of applicable corporate law that directors who have an interest in a transaction or agreement with the Corporation promptly disclose that interest at any meeting of the Board at which the transaction or agreement will be discussed and abstain from discussions and voting in respect to same if the interest is material. The Code imposes a similar disclosure requirement on all non-director representatives of the Corporation and requires such persons to report such conflict to the executive officer to whom that person reports in the course of his employment responsibilities, or, in the case of a senior executive officer, to the Corporate Governance Committee and fully inform such person or the committee, as applicable, of the facts and circumstances related to the conflict or potential conflict. The representative is prohibited from taking any further action in respect of the matter or transaction giving rise to such conflict or potential conflict unless and until he is authorized to do so by his reporting officer, or the Corporate Governance Committee.

Nomination of Directors

The Corporate Governance Committee has responsibility for identifying potential Board candidates. The Corporate Governance Committee assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the oil and gas industry are consulted for possible candidates. The Board has adopted a written charter setting forth the responsibilities, powers and operations of the Corporate Governance Committee, which include considering what competencies and skills the Board, as a whole, should possess, the appropriate size of the Board in order to facilitate effective decision making and assessing the same on a periodic basis, making recommendations to the Board with respect to filling vacancies, evaluating the performance of individual directors and making recommendations as to their further nomination, reviewing proposed shareholder nominees and making recommendations to the Board regarding resignations of directors. The Corporate Governance Committee has the power to retain outside advisors as it considers necessary for the proper functioning of the committee, at the Corporation’s expense. The Corporate Governance Committee meets at least once annually and otherwise as requested by the Board or considered desirable by the Chair of the Corporate Governance Committee.

Compensation Committee

The members of the Compensation Committee are independent and have the responsibility for determining compensation for the directors and senior management. See “*Executive Compensation*” above.

The members of the Compensation Committee are Reginald J. Greenslade, Michael J. Stark and Donald Archibald. The Corporation’s Compensation Committee reviews and makes recommendations to the Board concerning the compensation of the Corporation’s directors, officers and employees, which includes the review of the Corporation’s executive compensation and other human resource philosophies and policies, the review and administration of the Corporation’s bonuses, stock options and any share purchase plan, the

review of and recommendations regarding the performance of the Chief Executive Officer of the Corporation and preparing and submitting a report for inclusion in annual continuous disclosure documents as required. All members of the Compensation Committee have previously served on compensation committees of other companies and have experience in this role.

The Board has adopted a written charter that sets forth the responsibilities, powers and operations of the Compensation Committee, which include: (i) reviewing the adequacy and form of any compensation program for executive officers; (ii) reviewing the adequacy and form of non-employee directors' compensation; (iii) reviewing and creating a position description for the Chief Executive Officer; (iv) evaluating the Chief Executive Officer's performance in light of corporate goals and objectives; and (v) making recommendations to the Board with respect to the Chief Executive Officer's compensation. The Compensation Committee has the power to retain independent legal, accounting or other relevant advisors as it may deem necessary or appropriate to allow it to discharge its responsibilities, at the expense of the Corporation. The Compensation Committee meets at least once annually and otherwise as requested by the Board or considered desirable by the Chair of the committee.

Audit Committee

Please see the discussion under "*Audit Committee*".

Reserves and Environment Committee

The members of the Reserves and Environment Committee are Reginald J. Greenslade, Grant W. Greenslade and Thomas Budd. Reginald Greenslade is the Chairman of the Reserves and Environment Committee. The Reserves and Environment Committee's responsibilities include, but are not limited to: (i) reviewing management's recommendations for the appointment of independent engineers; (ii) reviewing the independent engineering reports and considering the principal assumptions upon which such reports are based; (iii) reviewing management's input into the independent engineering report and key assumptions used; (iv) reviewing the reserve additions and reserve revisions which occur from one report to the next and seeking the independent engineer's input and management's input with respect to why these revisions have occurred; (v) reviewing the information supplied to the independent engineers with respect to the constant price case, operating costs, royalty burdens, required capital expenditures, recovery rates, decline rates and other matters; (vi) annually reviewing the appropriateness of, and updating, the Corporation's environmental policies, management systems and programs and reporting to the Board thereon; (vii) ensuring that the Corporation has the necessary tools to measure its business units' environmental performance and compliance with applicable regulatory standards; (viii) reviewing the environmental performance and, whenever relevant, any non-compliance situation of the Corporation's business units, to recommend the required corrective measures; (ix) ensuring that environmental risk management procedures and emergency response measures are in place and are periodically updated and distributed within the Corporation; (x) assessing the environmental risks and emergency situations brought to its attention to recommend the required corrective measures; (xi) immediately communicating any incident giving rise to significant environmental risks to the Board; (xii) recommending to the Board that the Corporation exercise due diligence with respect to non-compliance situations, environmental risks or emergency situations brought to its attention; (xiii) reviewing and reporting to the Board on all legal notices or civil, penal and/or criminal prosecutions brought to its attention; (xiv) recommending to the Board measures, including necessary investments, taking into account available technologies and economic and financial restraints, to ensure compliance with regulatory standards and the Corporation's environmental policies and programs; (xv) analyzing all environmental matters brought to its attention and deemed relevant or that the Board specifically asks the Committee to review; and (xvi) reporting to the Board on the Corporation's environmental policies, programs and situation and make appropriate recommendations.

Assessments

The Board is responsible to assess, on an ongoing basis, its overall performance and that of its committees. The objective of this review is to contribute to a process of continuous improvement in the Board's execution of its responsibilities. The review will identify any areas where the directors of the Corporation or management believe that the Board could make a better collective contribution to overseeing the affairs of the Corporation. The Board is also responsible for regularly assessing the effectiveness and contribution of each director, having regard to the competencies and skills each director is expected to bring to the Board.

Director Term Limits

The Corporation has not adopted term limits for the directors on the Board or other mechanisms of board renewal. The Corporation does not impose term limits on its directors as it takes the view that term limits are an arbitrary mechanism for removing directors which can result in valuable, experienced directors being forced to leave the Board solely because of length of service. Instead, the Corporation believes that directors should be assessed based on their ability to continue to make a meaningful contribution. The Board's priorities continue to be ensuring the appropriate skill sets are present amongst the Board to optimize the benefit to the Corporation. The Corporation believes that annual elections by the Shareholders are a more meaningful way to evaluate the performance of directors and to make determinations about whether a director should be removed due to under-performance.

Policies Regarding Gender Diversity

While the Board recognizes the potential benefits from new perspectives which could manifest through increased gender diversity within its ranks, the Board has not formally adopted a written board diversity policy and has not set a target regarding the number or percentage of female members that it wishes to include on the Board. The selection of candidates for appointment to the Board will continue to be based on the skills, knowledge, experience and character of individual candidates and the requirements of the Board at the time, with achieving an appropriate level of diversity on the Board being one of the criteria that the Corporate Governance Committee considers when evaluating the composition of the Board.

When considering candidates for senior management positions, the Corporation focuses on attracting and retaining experienced and highly skilled individuals that can add value to its business. While the Corporation considers the level of representation of women in executive officer positions when making executive officer appointments, the Board does not believe that a formal policy will necessarily result in the identification or selection of the best candidates. The Corporation considers all candidates based on their merit and qualifications relevant to the specific role.

The Corporation does not currently have any targets, rules or formal policies that specifically require the identification, consideration, nomination or appointment of female board nominees or candidates for executive management positions or that would otherwise force the composition of the Board or the Corporation's executive management team. The Board does not believe it is in the Corporation's best interests to implement such targets at this time.

There are presently no women on the Board and no women serving in executive officer positions.

AUDIT COMMITTEE

The purpose of the Corporation's Audit Committee is to provide assistance to the Board in fulfilling its legal fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting, internal

control and legal compliance functions of the Corporation. It is the objective of the Audit Committee to maintain free and open means of communications among the Board, the independent auditors and the financial and senior management of the Corporation.

In connection with Audit Committee disclosure required under NI 52-110, please see “*Audit Committee*” in the Corporation’s Annual Information Form filed on SEDAR at www.sedar.com.
